

FOR IMMEDIATE RELEASE**Dresser Wayne and Total Advance Forecourt Operations with New Three Year Fuel Dispenser Supplier Agreement**

Malmö, Sweden (January 26, 2009) – Dresser Wayne, a global innovator of retail fuel dispensers and technologies, today announced that it has entered into a three year agreement with Total S.A. According to the arrangement, Dresser Wayne will supply fuel dispensers to the company's retail fuel locations in France, the United Kingdom, Italy, Germany and Benelux. The relationship will further both companies' efforts to advance forecourt operations.

"We are truly excited about the opportunity to become a key global supplier to Total," said Neil H. Thomas, Dresser Wayne global president. "Our sustained growth combined with our history of industry-leading product development and the depth of our global operations match up well with Total's commitment to leveraging innovation and initiative in providing a sustainable response to the growing energy demand."

Damian Tracey, president of Dresser Wayne Europe said, "We are honored to be selected as a supplier to Total. Both companies have long-standing reputations for serving customers with unmatched quality products and service offerings, coupled with the highest level of honesty and integrity. We are committed to delivering to Total, products, which not only meet the needs of today, but also incorporate the flexibility to meet evolving environmental regulations and alternative fuel needs."

The Dresser Wayne record of industry firsts and innovative products, like the Global Ovation™ dispenser and the Global Star™ series, was a key element in the Total selection process. These dispensers offer the ability to handle alternative fuels and enhance motorist convenience.

Total is the world's fourth largest publicly-traded, integrated international oil and gas company and one of the leading marketers in Western European.

###

Dresser, Inc. is a leader in providing highly engineered infrastructure products for the global energy industry. The company has leading positions in a broad portfolio of products including valves, actuators, meters, switches, regulators, piping products, natural gas-fueled engines, retail fuel dispensers and associated retail point of sale systems and air and gas handling equipment. Leading brand names within the Dresser portfolio include Dresser Wayne® retail fueling systems, Waukesha® natural gas-fired engines, Masoneilan® control valves, Mooney® regulators, Consolidated® pressure relief valves, and Roots® blowers and rotary gas meters. About Dresser Wayne

Dresser Wayne, headquartered in Austin, Texas, is one of the largest business units of Dresser, Inc., and is an industry pioneer for the retail fueling industry. Among its innovations, Dresser Wayne was the first to introduce self-service consoles and fuel blending dispensers to service stations, in-pump card readers and cash acceptors, in-pump radio frequency identification payment systems and dispenser-mounted touch screen payment/communication systems. In addition, Dresser Wayne designs and markets software systems that enable its retail fueling customers to manage the convenience store aspects of their businesses more efficiently, including inventory control, price book management, labor management and site administration. The Dresser Wayne website is www.dresserwayne.com.
