

FOR IMMEDIATE RELEASE

**DRESSER CONSOLIDATED[®] AND DRESSER MASONAILAN[®] OPEN RAPID RESPONSE
AFTERMARKET CENTER IN HOUSTON - TEXAS**

***First Regional Aftermarket Center will Drive New Standard in Maximizing Uptime by Providing Rapid
Replacement of Parts and Valves and On-site Machining Capabilities***

HOUSTON (August 16, 2010) – Dresser Consolidated[®] and Dresser Masoneilan[®] today announced the opening of the first of several planned Aftermarket Centers (AMCs), designed to provide dedicated service to aftermarket customers. The Houston-based AMC serves all of the Americas.

The 100,000 sq. ft. Houston facility houses more than \$10 million in Dresser Consolidated and Dresser Masoneilan spare parts, MRO valves and quick ship valves, as well as a rapid response machining department. Designed to address the growing rapid response needs of customer, the features of the AMC include:

- A stock of over 5,000 SKUs representing the spare parts most commonly requested by customers.
- A comprehensive machine shop and experienced machinists able to quickly produce parts for customers in as little as several hours.
- Dedicated customer service and technical representatives, who have knowledge of new and legacy valves.

“We evaluated the best AMC models across many industries to create what we consider to be a world-class approach for servicing the aftermarket needs of our customers,” said James Schauer, President of the Flow Technologies Segment of Dresser Inc in the Americas. “With this AMC, we are bringing a rapid response mentality to aftermarket service that will help our channel partners and end users to maximize uptime.”

For additional information on the aftermarket services, visit www.dresserconsolidated.com or www.dressermasoneilan.com.
