**FOR IMMEDIATE RELEASE**

**Dresser® and CAR-BER® Announce  
Formation of a Global Alliance**

**Bradford, PA (May 15, 2010)** – Dresser® and CAR-BER® announce they have entered into an exclusive global alliance agreement to provide a full line of hot tapping and line stopping products and services.

Dresser has developed a full line of hot tapping and line stopping equipment and accessories to enhance its Blackhawk® intervention solutions product line. CAR-BER is a leader in industrial specialty services with a focus on highly trained and skilled field technicians. Together Dresser and CAR-BER offer customers quality fittings combined with specialized installation services.

Dresser has locations in over 150 countries and CAR-BER has twenty seven service centers worldwide. This new global alliance is uniquely positioned to respond quickly to the needs of the global energy market.

“This alliance provides our customers a viable option in sourcing their fittings and service solutions”, stated Deak Harris, Vice President of Dresser Pipeline Solutions.

“Dresser’s experience and reputation in the natural gas market, coupled with our strong presence in the refining and petrochemical market will provide an integrated solution to meet the needs of the entire global energy market”, said Glenn Carson, President of CAR-BER.

### **About Dresser® products**

Dresser is a designer, manufacturer and distributor of natural gas measurement, pressure control and pipeline integrity products, service and repair. Dresser product lines include: RCS® and Andco® actuators, Dresser® meters & instruments, Becker® control valves, Mooney® and RedQ® regulators, Texsteam Pumps, Piping Specialties, FloSolutions™ and Blackhawk® intervention solutions.

### **About Dresser, Inc.**

Dresser, Inc. is a leader in providing highly engineered infrastructure products for the global energy industry. The company has leading positions in a broad portfolio of products, including valves, actuators, meters, switches, regulators, piping products, natural gas-fueled engines, retail fuel dispensers and associated retail point-of-sale systems, and air and gas handling equipment. Leading brand names within the Dresser portfolio include Dresser Wayne® retail fueling systems, Waukesha® natural gas-fired engines, Masoneilan® control valves, Consolidated® pressure relief valves, and ROOTS™ blowers. It has manufacturing and customer service facilities located strategically worldwide and a sales presence in more than 150 countries.

### **About CAR-BER, Inc.**

CAR-BER is a specialty services provider to the global energy market that is best known for its patented hydrotesting and isolation tools and technologies. Dedicated to providing the process piping and pressure vessel market with integrated solutions, CAR-BER also offers hot taps and line stops, controlled bolting and tensioning, stud removal and nut splitting, and field machining. The company provides CAR-BER services through a network of 27 strategically located service centers, including the U.S., Canada, Mexico, the Caribbean, Netherlands, Japan and Singapore.
